

# introducing

**Providing Food Assistance. Building Healthier Communities. Driving Change.** Foodlink works tirelessly to feed our neighbors and eradicate poverty in our region. But we could never do this alone. For over 45 years, we have been addressing both the symptoms and root causes of food insecurity thanks to so many generous donors, volunteers, local businesses, member agencies and dedicated staff.

**The Full Plate Club** recognizes a loyal portion of our community who give gifts of \$1,000 or more each year to sustain this work. Today, we invite you to join this group of dedicated supporters. Throughout the year, we'll share the impact of your gift through member-only experiences and networking opportunities, and you'll be recognized in a variety of ways for your generosity. You can honor our collective work by making a gift today.
